

1. Username: JesseDillinger, Review Date: Jan 7, 2024, Score: 4, Review: If you don't wanna see me bashing this game, this is not the review for you. This has nothing to do with the fact they're females, lesbians, or even Joel. I was enjoying the game at first, but once you play an hour or 2 of this game the entire rest of the game is the exact same thing. So the gameplay...Once you've explored one place, you've explored them all. What's that? You need loot? Here's multiple empty drawers to waste your time and a safe that has a letter next to it telling you the code anyway to pad the runtime more. You gotta get through this door? Hold triangle and slowly scooch through it. An enemy grab you or get on you? Spam square. You want an interactive cutscene? Here, we have MANY slow paced walking sections of just characters walking and talking that you can't do \*\*\*\* in. Have to get to a certain area AGAIN? Move this dumpster, turn on this generator, just basically press and hold triangle even MORE. Do these things over and over and over and over and over and over and over for multiple hours until you beat the game. The only good thing about The Last of Us games are the stories, and both times the story is something that feels super familiar and isn't unique in the slightest. I can't help but compare this to something like Resident Evil. But in Resident Evil the pacing is better, the gunplay is SO much better and they keep you more invested with boss fights (Well, GOOD boss fights. Like oh boy that one boss fight with Abby where if you get within a foot of it you insta die. So bad). In this game I just got so tired of sneaking, pressing triangle, press square, throw a bottle, sneak, press triangle, press square. That's the combat if you choose to be stealthy. Which they REALLY want you to do. I got so bored with stealth and just started shooting up the place as much as I could. I tried the silencers a few times, but in order to make those you gotta do the boring a\*s repetitive looting. And after a few hours I got sick of looting and just started zooming through the story. The Last of Us games are proof enough for me to know that I will not like the Uncharted series. I'm a gameplay first guy and this gameplay is NOT it. Naughty Dog, it's time to change up your \*\*\*\*. This is like a small step above Far Cry. And I f\*cking HATE Far Cry. Your gameplay is outdated and I just know The Last of Us 3 is gonna be a copy paste with maybe one or two small changes As for the story. The story isn't AWFUL, but why the f\*ck am I supposed to care

about Abby? I just genuinely don't care. We know Joel is a scumbag. He made a greedy choice and killed people that probably didn't deserve it. We get it. We don't need to play as Abby for 7 f\*cking hours to know that Joel was in the wrong. I still don't give a \*\*\*\* that your dad and friends died. And you DESPERATELY wanted her to be the Joel of her story by throwing in the little Scar kid I don't give a \*\*\*\* about either. I've been with Ellie for about 24 hours worth of story and I care for her a little bit. You can't force me to like Abby as much as Ellie in that little amount of time. Ellie didn't learn that revenge = bad. The WHOLE game is her wanting revenge, the ONLY reason she doesn't go through with it is cause she couldn't get to Abby. Then you try to make us feel even MORE bad for Abby by making her get kidnapped and strung up. Such trash. And the ONLY reason Ellie didn't kill her is cause she just randomly had a sudden change of heart cause that \*\*\*\* was forced on her. You think she would've learned after killing the pregnant girl, but nope. She leaves Dina and the kid for revenge and just completely wastes her time and loses Dina in the process. TLDR: Much like Ellie's whole adventure, this game was a waste of my time. I didn't like the gameplay cause it's dull and repetitive in the worst way, the story is very weak and dumb, and I don't care about most of the people in this game. I will NOT be playing part 3. NaughtyDog is not the developer for me.

2. Username: Futureuwu, Review Date: Jan 6, 2024, Score: 1, Review: It's kinda extremely mid. Doesn't live up to its predecessor, and it definitely doesn't live up to the Sony games we're used to.

In an attempt to subvert expectations, it's single handedly killed the franchise, as is clear with the poor sales it's received.

3. Username: ReviewFreak, Review Date: Jan 5, 2024, Score: 3, Review: "Despite its excellent visual presentation, music, and voice acting, The Last of Us Part II has been the subject of controversy due to narrative decisions that divided the gaming community. Some critics and players found that the direction of the story, particularly certain events and character decisions, generated

polarization and disappointment among those hoping for more direct continuity with the first installment. This led to a mixed reception, with some considering that the plot choices negatively affected the overall experience of the game. , especially for those who had high expectations based on the previous installment."

4. Username: Somebody1, Review Date: Jan 5, 2024, Score: 0, Review: I would give this a 4/10 but I want to balance out the stupid 10/10s. This game has some of the worst writing in games, stupid characters, most uninspired gameplay and the only thing I liked I about the game was the graphics and the somewhat alright soundtrack and sound design. This game made me so frustrated with Naughty Dog and the fact they ruined a perfect franchise.

5. Username: MrWiggles117, Review Date: Jan 2, 2024, Score: 4, Review: It?s like the first game, but without any likable characters and constant convoluted and boring flashbacks and unskippable scenes to remove any enjoyment you might have had.

6. Username: Nekolex, Review Date: Dec 29, 2023, Score: 0, Review: It was a beautifully well done game mechanically. But if you had any love for the first, and the characters and how they were written, then it is such a spit in the face? ironically because druckman inserted himself as a character to spit on Joel? there was insane disputes going on internally during its development and for good reason. Just hold the story of the first one dear to your heart, and? this Atrocity doesn?t exist for us.

Also no online lmaooooooooooolol

7. Username: Silegin, Review Date: Dec 28, 2023, Score: 2, Review: The idea that Ellie is angry at Joel for denying her a choice ignores the fact that the fireflies did so aswell. They took her, they drugged her, and they threatened Joels life when he questioned their motives. He had every right to

go full papa wolf and the fact the game does not even allow him to defend himself is disgusting.

?There was a sequel, wasn't as good?

- Joel 2013

8. Username: JeannWagmaker, Review Date: Dec 25, 2023, Score: 0, Review: The gameplay, setting, progression and soundtrack are the most impressive you'll find in a game, but it's not worth the absurd script failure.

There is nothing anyone can say that makes sense of Joel's decision to tell his real name to a stranger -- after more than 20 years of experience in a cruel world, full of terrible people, having killed so many whose acquaintances would love to see him dead.

Just as there is no sense in Ellie's decision to have killed so many, abandon her family to obtain the revenge that absolutely everyone wanted and, in the end, save the person she was supposed to kill and who caused so much disgrace to everyone she loved.

All of these flaws are only justified if you, as a writer, wanted the story to be about an empowered woman replacing the cis straight white man, but anyone who has played both games knows that in no alternate universe would that woman beat Joel.

This game was a mistake. An error that showed how a bad script can ruin a game whose other aspects are exceptional.

9. Username: tap\_dance126, Review Date: Dec 24, 2023, Score: 1, Review: Implausible story, great graphics. This game is not for those who want to experience happiness at the end of the game.

10. Username: Kabhold, Review Date: Dec 22, 2023, Score: 1, Review: Horrible, lazy writing. Subverting expectations doesn't make a story automatically good nor does it mean it's great writing. Revenge is bad, so kill a few hundred people but don't kill the person who killed your friend. Dumb. Lazy. Writing. Gameplay is good.

11. Username: Nerakus, Review Date: Dec 20, 2023, Score: 0, Review: An absolute disappointment \*\*\*\*. I can't believe I wasted so much time and money on this. They really messed up the storytelling. I get what they were trying to do but it really doesn't work. Such a bummer to play after playing the first game. It's not worth it.

12. Username: deltanine, Review Date: Dec 19, 2023, Score: 0, Review: This is the next Metroid Other M. It is a pinnacle of giant middle fingers to fans of the first game and if Neil Drunkman weren't so egotistical and didn't let Anita Sarkeesian poison his mind, this game wouldn't be as widely hated as it is. As far as I'm concerned the real reason gaming journalists gave this game all those Game of the Year Awards was to troll the people that criticized the game. Neil Drunkman had no excuse to kill off Joel within the first hour of the game. Remember Resistance 2? In that game, Nathan Hale had a far more dignified demise. He did something of value before he died, he died from a swift gunshot to the head, he was killed so that he doesn't become a Chimera monster, and he dies at the end of the game. In Resistance 3, we play as Hale's killer but we are far more willing to do so, because he was far more sympathetic and he was remorseful for killing Nathan even though he knew it was the lesser of two evils. Bottom line: Last of Us Part II is an abomination and Neil Drunkman deserves to be fired.

13. Username: kaisuisen, Review Date: Dec 17, 2023, Score: 0, Review: This game would be good if not the holes in the plot and if we could skip entire 10hr of play as Abby. Abby and genderbender Lev are like Joel and Elly? No way. Part 2 doesn't exist. It's some fanfic written by 19 yo activist

under pills.

14. Username: RoRolando, Review Date: Dec 17, 2023, Score: 2, Review: Big disappointment after the first part. I recognize the criticism that it is a terrible story. Unfortunately but true. Most personalities are insufferable. In addition, too often there is aimless walking and talking. The number of times you get jumped in a cut scene is ridiculous. \*spoiler\* in the end I did not even care if one of them would survive. The graphics part saves things somewhat. Very disappointed!

15. Username: NastyWheeler, Review Date: Dec 16, 2023, Score: 0, Review: Aufgrund der linke wokeness leider nicht spielbar! Der Protagonist des ersten Teils, welcher von jedem geliebt wurde wird einfach von einem unwichtigen Charakter getötet, von dem man vorher noch nie etwas gehört hat!

16. Username: Zhuotai12, Review Date: Dec 15, 2023, Score: 2, Review: Gameplay is good and amazing graphics. Plot was just trash and forced. Terrible writing and no substance to the new characters. People who gave this game a great score are just sadistic, mentally ill, and thrive on people hating the game. Probably the same people who thought the first game was so predictable too.

17. Username: DorianBarberYT, Review Date: Dec 15, 2023, Score: 0, Review: All the good this game has, the great animations, gameplay, crafting, shooting & thrill. None of that matters without the multiplayer.

On The Last Of Us Remastered I have 1575 hour and the vast majority of that is from the Multiplayer. I probably only put about 25 hours in the story. I purchased Part 2 knowing that it was having the multiplayer worked on. Then they announced that we would get the stand alone

multiplayer. Now that's been cancelled and we have nothing. What a complete disappointment.

18. Username: GruffMG, Review Date: Dec 11, 2023, Score: 0, Review: Worst writing in a video game EVER. A complete bore to play through and very repetitive. The characters are boring and unlikable. The story makes no sense and the characters make really dumb decisions. So bad it can ruin your initial experience from the first game which was incredible. I do not recommend, pretend this game doesn't exist if you enjoyed the first one. Other than the nice graphics, there is nothing here to enjoy.

19. Username: Silent-Heal, Review Date: Dec 6, 2023, Score: 0, Review: I wrote a review of this part in the review of the first part. This part is terrible in terms of plot. An outrage to the player, to the script, to common sense.

I think the scriptwriters of films and games are sick, they have some kind of psychological problems, hatred, depression, despair. In most scenarios, they constantly kill all the characters, even the main ones. Disgusting part, disgusting ending, the whole game was a waste. Don't write scripts, go get treatment from a psychologist and stop excruciate people.

I hope I never see your games, much less buy them. Because of such fools there is nothing to watch anymore.

20. Username: darkrings, Review Date: Dec 5, 2023, Score: 0, Review: Naughty Dog's battle design is not so prominent in today's big game year, tlou1 is a strong story driven game, every time you sneak and assassinate, explore the map just to see the new story, and when neil made the story like this, it was clear that the game was useless. A ton of pointless lgbtq elements, coupled with various scandals from the producers, all I can say is that if you haven't tasted \*\*\*\* to ruin your day, just taste this video game lol

21. Username: Tarnvxxs, Review Date: Dec 3, 2023, Score: 1, Review: The gameplay of this game has no strong differences from the 1st part, the plot was disappointing with the death of the senseless Joel, because we killed him hard, and we spent the whole game trying to take revenge, and in the end what? we didn't take revenge :). We were running after Abby senselessly just to let her run away? Absolutely senseless death of Joel, he could have been removed from the list in another way... I was literally forced to play as Abby, I can't express in words how negative this character makes me feel I'm not talking about a bunch of unnecessary LGBT propaganda in places. The gameplay and zombies (infected with Cordyceps) are definitely still fun and scary. Tlou 3 can be saved, if it start with Joel words ?wake up, Ellie ?

22. Username: amayu03, Review Date: Nov 30, 2023, Score: 0, Review: Title: A Disastrous Sequel That Ruins the Legacy - The Last of Us Part IIRating: ?????Where do I even begin with The Last of Us Part II? It's a colossal disappointment that fails to live up to the high standards set by its predecessor. This sequel is a perfect example of how not to continue a beloved franchise.First and foremost, the story is an absolute trainwreck. It's convoluted, poorly paced, and filled with unnecessary twists and turns that only serve to confuse and frustrate players. The narrative decisions made by the developers seem like they were chosen purely for shock value rather than for the sake of meaningful storytelling. The characters we grew to love in the first game are mishandled and their arcs are completely undermined, leaving players feeling detached and uninvested.Speaking of characters, the new additions to the cast are equally disappointing. Ellie, the strong and relatable protagonist from the original game, is reduced to a one-dimensional revenge-driven character with questionable decision-making skills. The game tries to force players into empathizing with her, but it's hard to sympathize when her actions become increasingly irrational and out of \*\*\*\* gameplay, while solid in the first game, feels clunky and uninspired here. The stealth mechanics are frustratingly inconsistent, often leading to cheap deaths and repetitive encounters. The level design lacks creativity and fails to offer any real sense of exploration. It's a far

cry from the immersive and engaging gameplay experience we had in the first \*\*\*\* aspect that cannot be ignored is the game's heavy-handed political agenda. The Last of Us Part II seems more interested in pushing a specific message than in delivering an enjoyable gaming experience. The themes of revenge, violence, and LGBTQ+ representation are forced upon the players, overshadowing any potential for genuine emotional \*\*\*\* top of all these flaws, the technical issues are abundant. The game suffers from frequent frame rate drops, long loading times, and numerous glitches that break immersion and hinder gameplay. It's astonishing that a game of this magnitude could be released with such glaring technical \*\*\*\* conclusion, The Last of Us Part II is a soulless cash grab that tarnishes the legacy of its predecessor. It fails to capture the essence of what made the original game so special and instead delivers a mess of a story, uninspired gameplay, and technical problems. Fans of the first game will be left feeling betrayed, and newcomers will be left wondering what all the hype was about. Save your time and money?this sequel is a disgrace.

23. Username: Massasin137, Review Date: Nov 25, 2023, Score: 1, Review: hab mich so auf das Spiel gefreut, bereits nach 4 Stunden war ich so genervt dass ich es beendet habe. War Geldverschwendung!

24. Username: Psitivebomthis1, Review Date: Nov 23, 2023, Score: 0, Review: Bad writing. Bad story. Bad ending. Rukned the amazing experience that The last of us 1 was for me. Good job. 1/10.They say Joel deserved to die because he killed so many people. Who cares about morality in post apocalyptic game? Guess what, Joel killed for his daughter, just like how abby killed for her father. People can forgive abby but not Joel. That's stupid. Also, if they had even TRIED to make abby empathisable IN THE LEAST or relatable or likable or showed that she had an absolutely legit reason to kill an old and popular character, it would have been understood. But no she just appears from some where and goes, "I gotta kill him because he killed my father," and the player doesn't even get to relate with her pain or her suffering missing her father. You are SUPPOSED to feel bad

for her, rather than actually relating with her missing her father and wanting revenge. Morality can f off in this world, unlike how everyone is saying, because its a post apocalypse and everyone will do whatever to survive. In the game as Ellie you also kill a ton of people. Does Ellie deserve to be curbstomped by some guys now?Also, I have seen a bunch of people who claim to have played only the first 4 or 5 hours proudly saying that they like it, and are also criticising players who leave a bad review but have finished the whole game. Automatically discredited. Play the whole game first, then leave a review. Joel isn't properly given the redemption he deserved in this game. Just because some didn't like Joel and left a good review doesn't mean theirs are more valuable than the ones that liked him and have left a negative one. Leave your own experience. Don't criticise others because they didn't have a similar experience with the characters as you did. Everyone has different sentiments attached to the same game. Calling us angry men because we didn't like what happened with Joel and how his value was drowned over some needless plot channeling is a bad move. Get yourself fixed. Just because you disliked him doesnt mean he deserved to be forgotten and his value diminished after his death. The gamers who liked him and held more worth of him in their hearts deserved a better account of him, and our opinions are just as valuable as yours.I also would like to point out how you think every bad review is a result of review bombing but every good one is legit. Coping much? Next time, make a good game rather than trying to desperately and shamelessly escape criticism after having made a total dumpster fire.

25. Username: khayal0, Review Date: Nov 22, 2023, Score: 3, Review: Story and gameplay both simply bad. If you value these two over some average graphics , don't event bother to try.

26. Username: TheycallmeDSP, Review Date: Nov 20, 2023, Score: 0, Review: Food this game is the worst game ever made and it made my eyes bleed for that one adult scene. Door Joel would never do that ooookay? Neil Druckman is pretentious dood

27. Username: theirishmoose, Review Date: Nov 20, 2023, Score: 2, Review: Wow. This is a masterclass in how to destroy your own character. In the end I was just hoping Ellie would finally die. She is so unlikeable and makes these horrible decisions which for a movie would be fine (maybe) but as the game forces the player to act on Ellie's choices I felt constant disconnect between me and the character I played. The game is also too long with a completely pointless "Epilogue". One thing it does though is drive the point home how incredibly unlikeable Ellie has become.

28. Username: Cevanno01, Review Date: Nov 19, 2023, Score: 0, Review: What can I say that hasn't already been said. A shame that so many employees were overworked and this is the game that came out as a result. They can't even be proud of the finished product they worked on.

29. Username: Trunker, Review Date: Nov 19, 2023, Score: 0, Review: IF you think the narrative of this game is "masterful".. that tells more about you than the game. It means that you have not ever read a book or watch a real movie in your entire life, if you think that Neil's \*\*\*\* writing is good.

30. Username: Septum90, Review Date: Nov 18, 2023, Score: 1, Review: You can really feel the absence of Bruce Straley in this game...honestly this game is about a 7/10, but giving it lower just because of all the people positive review bombing it.

31. Username: EfeKaraguc, Review Date: Nov 17, 2023, Score: 2, Review: Stupid, ugly, boring, sjw, bad characters, bad acting, bad writing, bad story. Gameplay is good but it isn't saving the game

32. Username: shadowspin, Review Date: Nov 13, 2023, Score: 3, Review: The graphics and game mechanics are really great. but the story is the biggest revenge drama garbage I've ever seen.

That has almost nothing to do with zombie apocalypse survival.

33. Username: Igl00Man, Review Date: Nov 11, 2023, Score: 4, Review: My issues with the Last of Us Part 2 is how the narrative is not good whatsoever. The gameplay is fine, and somewhat better than the first game (which is what is saving it from a grade lower than a 4), but the issues stem with the characterization and story, the strongest points of the previous game. When a game/series with an excellent story has a weak outing in a sequel, it will stand out. Abby's motivations are understandable, but the way it was tied to the first game just feels so hamfisted, and requires too many mental gymnastics to make it work. It doesn't help that Abby is very impulsive of a character, reckless, and has no issues endangering her friends to get what she wants. Ellie, who's spent her whole life in this apocalypse, makes tons of illogical decisions that don't make sense with someone who has lived through it. She also has some of the same issues as Abby in this game. Joel's death wasn't what it should have been. He should have went out in a blaze of glory, or protecting Ellie, but instead he went out like a punk. Now, while the characterizations were terrible, the actual portrayals are well performed, and I don't condone those who sent threatening messages to the actors. Sometimes, you need to learn to separate the art from the artist. I don't hate the actors who played these characters, I'm just not a fan of the character they portrayed. I can't recommend this game even at a discount, simply for how hard the narrative drops the ball compared to the first game.

34. Username: 2b139, Review Date: Nov 11, 2023, Score: 0, Review: Worst game ever \*\*\*\* fact that this won any awards makes me loose faith in humanity.

35. Username: unknown\_no\_know, Review Date: Nov 7, 2023, Score: 0, Review: I regret the time and money I spent on this piece. I assume the concept was interesting, but it was not meant for me. 73. Username: VictorBejerano, Review Date: Sep 10, 2023, Score: 1, Review: This game is Bs? I can?t believe the developers gave us such a masterpiece as the original tlou just to come and give us this crap. No respect for the characters we love and the story has no sense. The end is not what we ?worked? so much during all the hours we spent here.

Not recommended if you played the original game

74. Username: NickRan, Review Date: Sep 9, 2023, Score: 2, Review: 1 point for graphics.  
1 point for music.

One of the worst games in the history of the industry.

This is what happens when people with no talent are given a little power.

Rest in peace Naughty Dog.

1984-2020

75. Username: alijandro316, Review Date: Sep 9, 2023, Score: 0, Review: The Last of Us Part II: A Melancholic Muddle - 0/10

The realm of narrative-driven video games is replete with tales of grandeur, and "The Last of Us" stood as a shining example of such magnificence. Thus, it's with a heavy heart that one must navigate the murky waters of its sequel, "The Last of Us Part II."

From the outset, the game's tone feels disjointed. Where the original painted a poignant picture of humanity's struggle and the lengths one might go to protect loved ones, Part II meanders, oscillating between half-realized themes and tonal inconsistencies. The gravity of Ellie's journey, so deeply personal in its intent, is often lost amidst the cacophony of secondary narratives that add little to the overarching tale.

Visually, while the world of "The Last of Us Part II" boasts intricate details, there's a palpable absence of soul. Environments, though technically marvelous, lack the atmospheric tension that once made every corner turned a potential threat. This sterility permeates even the character models, rendering emotional sequences somewhat hollow.

The game's narrative decisions remain its most contentious aspect. Characters, once beloved, are offered up on the altar of shock value, their arcs concluding in ways that feel unearned and, at times, gratuitous. This penchant for subversion, rather than adding layers, often detracts from the emotional heft of the storyline.

Gameplay, a potential saving grace, also falters. Combat scenarios, though more varied, often descend into repetition, lacking the strategic depth of the original. Stealth, a staple of the series, feels more forced than ever, with AI patterns that seem predictable rather than intuitive.

In sum, "The Last of Us Part II" stands as a shadow of its predecessor. Despite its technical

prowess and moments of genuine emotional depth, the game feels like a disjointed tapestry of missed opportunities. One can't help but yearn for the nuanced storytelling and immersive world-building of the original.

76. Username: MetaViljo, Review Date: Sep 9, 2023, Score: 1, Review: Nothing new gameplay wise. It looks good but the story is so bad, written by edgy teenager. This aint a story is agenda. A message. I felt being tortured as the story reveal more and more. The characters are the worse.

77. Username: HenryF, Review Date: Sep 8, 2023, Score: 0, Review: The worst game that I've ever played. So bad that it's ruined the first game.

78. Username: KPS5, Review Date: Sep 7, 2023, Score: 0, Review: Unfortunately, neil druckmann is adding his cringe politics and strong women in this game just like he added it and ruined uncharted 4.

79. Username: ShadowShadex, Review Date: Sep 7, 2023, Score: 0, Review: Very terrible writing, gameplay \*\*\*\*. If you like watching movies this game is for you as there is more cutscenes then gameplay.

80. Username: KillianZane, Review Date: Sep 7, 2023, Score: 0, Review: The Last of Us Part 2, unfortunately, deserves its 0/10 rating due to its deeply disappointing story that left many fans feeling betrayed. The narrative choices seemed designed to shock rather than serve a meaningful purpose, alienating players and tarnishing the legacy of the original game. The online component, with its lackluster multiplayer experience, failed to capture the essence of what made the first game's multiplayer enjoyable, leaving players longing for the depth and fun they once had. Overall, The Last of Us Part 2 represents a stark departure from the excellence of its predecessor, resulting

in a disheartening and unsatisfying gaming experience.

81. Username: TimPhoeniX, Review Date: Sep 7, 2023, Score: 3, Review: Naughty Dog has once again proven that they're masters of PS hardware. Unfortunately, story driven game cannot be carried just by its look. ND's leadership has failed their employees and wasted years of their lives with this project.

86. Username: SAFIziad, Review Date: Sep 2, 2023, Score: 0, Review: This game absolutely destroyed last of us fans

The story is very bad one of the worst story i ever seen. the writers are a bunch of idiots

87. Username: Impactsystem, Review Date: Sep 2, 2023, Score: 4, Review: It's a real shame, but naughty dog simply ruined all the tremendous job they did at technical level with a low-quality plot, flat characters, unnecessary "political messages" and boring storytelling overall.

The game's graphics are terrific, gameplay's ok, but the strength of this game was the vibes, the evolution of characters, the feelings we could experience in it.

Not only all this is missing in this game, but writers made a special effort in destroying the legacy, and I simply do not understand why.

Critics review are ridiculously high. After 3 years, I have to say I am aligned with most people's feeling on this game: very insufficient.

88. Username: ForRealGamers, Review Date: Sep 1, 2023, Score: 2, Review: Still don?t

understand why they didn't make this game about Abby and her back story ? It would have eased her character on us and made us actually care for her more and the moments to come instead of her just coming out of no where and BOOM Joel dead ?and then continue to force her down our throats and try to make us feel for her after doing that to?? Like yeah Joel is an \*\*\*\* but he is a \*\*\*\* that been through playing the story for and we understand why he is the way he is ??

Addy we didn't know till we know ?so yeah we got to figure those feelings out on our own

89. Username: PunisherTeam, Review Date: Sep 1, 2023, Score: 0, Review: The worst garbage you can find. If you played the last of us part 1 you know what I'm saying. The argument is garbage woke. Naughty dog should close his company or fire the genius who made this garbage.

90. Username: SmartLee, Review Date: Aug 29, 2023, Score: 0, Review: NEVER DO \*\*\*\* again! This game is a piece of global \*\*\*\* will never buy any game from this studio!

91. Username: KamenRiderDark, Review Date: Aug 27, 2023, Score: 0, Review: The gameplay and environment are good, but overall tainted by the terrible narrative and overall theme of the game. Naughty Dog tries to warn and discourage players about the consequences of pursuing revenge, yet they force us to play as a character right after said character kills one of our beloved protagonist from the series! How exactly does this discourage us from seeking revenge when it only makes us sympathetic to their horrible actions.

Both Abby and Ellie do not mature or get character development and they essentially remain the same towards end of the game. Player's spend hours seeing their character get revenge by killing key characters and innocent NPC's only to spare the main target at the very last second? It felt like we wasted our time and we were left with dread and disappointment. It doesn't make sense for the

main character to just walk away from their objective at the last second despite the fact said character gave up the pursuit sometime earlier in the story.

There are some characters in the game that do not supplement character development or show qualities that make us feel sympathetic towards them. Take for instance Jesse and Manny who are only there to provide some drama to the narrative without providing memorable personal traits.

The flashbacks were also poorly executed. Those flashbacks should have been the first playable parts of the game and then switch over to the main plot. It would have made the game's ending even more impressionable instead of making us feel like all our efforts were basically for nothing. I honestly think Naughty Dog should have created two campaign modes for the game, one focused completely from Ellie's perspective and another on Abby's story. Upon completion of Ellie's story we will have the option to complete Abby's campaign instead of having us switch between these characters.

Overall, I don't think this game is worth \$59+ and I am disappointed with it. I think Naughty Dog should remake this game or at least learn their mistakes by the time they release Last of Us III.

92. Username: Hellfire74, Review Date: Aug 26, 2023, Score: 0, Review: It is absolutely disgusting what they did with this story and franchise.

There is a great game play, the graphics are amazing but obviously if the story is crap, if you disrespect the characters of Part 1, kill the main character and then play as it's murderer?!

You have to be a psychopath minded to think this was a good idea.

All these green reviews are all bot farming to damage control obviously.

93. Username: Popomaster, Review Date: Aug 25, 2023, Score: 0, Review: Politic and

bad.....

94. Username: Madremia, Review Date: Aug 24, 2023, Score: 0, Review: The graphics are great, but not the gameplay. There are some issues with the gameplay mechanics and AI. And part of it has to do with the story telling and how the developers are trying to sway your opinion. To avoid spoilers, I'll have to be cryptic here. You play as more than one character, and there is a significant difference between how easy they are to control (which seems to be another lame attempt to make you like that character more). Trying to play with Ellie makes it seem like she is physically \*\*\*\*. It's like they turn the difficulty down a couple notches with the other character. They move faster, aim better, have better weapons that do more damage, get more supplies, are not noticed as easily, and craft more supplies with less materials. It's a whole different game where you don't care who you're fighting or how much ammo you have, you're going to win.

Playing the guitar was a clever way of using the PS4 controller, but after doing it again and again, it's becomes a distraction. Can we get back to the \*\*\*\* yea, that's not the strong-point on this one, is it?

Concerning the \*\*\*\* seemed the developers could not figure out whether they wanted a stealth or combat game. The AI follows predetermined patrol paths in every scene, until you do something. Then they obviously gravitate towards you no matter where you are hiding. Say you set a trap and sneak away to a quiet corner. Once the trap is triggered, all remaining enemies start moving towards you. Humans and infected both do this. It became most obvious when a human discovered me while I was hiding behind cover, and they were on top of the building I was in. Then he starting shooting and doing damage...through the roof. Hmm, ok.

If humans and infected are in the same scene, they will only engage in a brief confrontation before they act like the other side is invisible. That part made me curse out loud. You try to lure infected towards human opponents, they engage and then...just stop and wander around each other looking for you.

Story: Disappointing, over and over. The drama about "who kissed who!?" makes it seem like you're watching *Pretty Little Liars*. I wouldn't actually know because I've never watched that show. Because I don't care about who is kissing who.

Overall, this starts as a revenge story and it's obvious they want to say that revenge is futile. But lord they make you pay for it, and that message got beat to a pulp with the ancient Greeks. You find yourself saying, "wait we're going off to do what? What does that have to do with this story? Is this even the same story, and who heck is that guy?" After a while, it's not the same story at all

Concerning the events that happen, the developers try too hard for shock value and to mess with your head in obvious and tacky ways. You're forced to do things that should have been a choice, and were probably bad ideas to begin with.

Also on that part, the decisions that are made by the characters seem unbelievably immature considering the world where the game takes place, and they're own statements. The characters make it obvious how little they care about other characters but then drop everything to go do the impossible for them.

Essentially, the first and second game have almost nothing to do with each other plot-wise. Watching it was painful and I wish I had not seen it.

Skip it. For me, the story of *Last of Us* ended with Joel and Ellie walking into Jackson after they left the hospital. He lies, she cries, and the guitar plays on. Best happy ending I've seen in a long time

95. Username: Dowakin, Review Date: Aug 23, 2023, Score: 0, Review: This is bull \*\*\*\* don't play in this game, better buy Xbox. This game is The greatest disappointment in my life. Buy Xbox.

good job

108. Username: Jamestheunderdo, Review Date: Aug 12, 2023, Score: 0, Review: PLEASE REBOOT THE FRANCHISE AND GO BACK TO THE FIRST GAMES STORY. I am saying this as a FAN of the games not a hater please re write this game. Genuinely the worst story/character assassination of all time. Ellie is out of character almost the whole game. Killing off Joel is just plain stupid no character development you force us to play as Abby NO ONE WANTS TO PLAY AS HER. Critics and fanboys white night cucks defend this game like it's some holy grail Ellie killed the entire of Seattle but stops a Abby? Absolute dumpster fire of a series no wonder when the new game comes out with that garbage ending btw. When the new game comes out we won't care for anyone Joel is dead and I honestly don't care about Dinas kid or Abby. Reboot this franchise PLEASE!

109. Username: MetaKritiker90, Review Date: Aug 11, 2023, Score: 0, Review: Disgraceful, woke game. Zombie games don't need political agendas. It's just so much worse than the first game. The story is the most important thing and they absolutely butchered it. Such a shame.

110. Username: Littlemisspeony, Review Date: Aug 10, 2023, Score: 2, Review: Solid 4.6/10. While the story mightn't be half as enticing or decent as Part 1, every other single aspect of the game was marvelous. Absolute credit to the devs, the animators, the actors, designers and technicians, the gameplay and environmental design, wow!

111. Username: damianserban, Review Date: Aug 8, 2023, Score: 0, Review: Story makes no sense, nerfes Joel so he can be killed, why would he gives his name to total strangers and then the trailers made it seem like Joel is alive and helps us throughout the game so it was all a bait. Naughty Dog doesn't deserve the greenlight for a sequel even tho we want it.

112. Username: Sickboy0138, Review Date: Aug 6, 2023, Score: 1, Review: What an abysmal abomination of justice this game is. It absolutely destroys everything the first one stood for. I gave it a 1 for the gameplay mechanics, soundtrack and graphics. Other than that it's just junk. Poorly written characters and bad story plagues the entire thing. What a disappointment

113. Username: KhorneOfTheHill, Review Date: Aug 6, 2023, Score: 2, Review: I gave it a 2 because it meets the technical, bare minimum requirements to be considered a video game, but that was its only redeeming factor.

114. Username: kNOwsPaiN, Review Date: Aug 6, 2023, Score: 1, Review: The story feel forced down your throat. The amount of leftist political correctness is outrageous in this game that I can only give 1 score because gameplay and graphic are great and I feel bad for the developers that devoted their time and soul to make it but it couldn't help carry the bad writing of the game.

115. Username: engwmw88, Review Date: Aug 3, 2023, Score: 0, Review: Very bad Characters and very bad story between them.....

.....

.....

116. Username: dotgaming, Review Date: Aug 3, 2023, Score: 1, Review: maybe Joel dead is part of the game story thought by creator but they don't need us to forcibly play as character who killed Joel so brutally. rdr2 is better in term as if your main character dies but you wont play as Micha any how

117. Username: Elim999, Review Date: Jul 31, 2023, Score: 0, Review: Play Ghost of Tsushima

instead. Better a game than an agenda. Naughty Dog are the biggest \*\*\*\* in the game industry

118. Username: brandoteek, Review Date: Jul 31, 2023, Score: 0, Review: nice graphics and mechanics BUT horrible story, simply horrible writing. I couldn't continue playing it. Don't waste your money.

119. Username: AntiCringmovies, Review Date: Jul 28, 2023, Score: 0, Review: If you think Neil is a good writer. He's not. This game will surely prove that to you. That's the most heartbreaking part about it. Tried to give this game another shot after waiting and waiting for my absolute favourite game The Last Of Us. Since I finished the TV show and knew I had paid \$100 and never finished after being completely traumatised by Joel being completely beaten to death in the first 10 minutes of the game. People should know. It's traumatic. This game was a huge escape for me. Something I needed in bad times. Don't play it if you have PTSD if you don't know that happens already. Yup he gets completely beaten to a pulp. Some GOT vibe I never expected. I remember getting up the first time I played and saying NO NO NOOOO. This time I swallowed it. Tried again. I understand the story to some extent but it is absolutely terrible. Doesn't really make sense. The map, environmental aspects, flashbacks, all of it really doesn't make much sense. You're just running around forever and it's so boring. It ends on a complete cliff hanger. I will never understand exactly why players had to play as Abbey. The murderer. And have to try to kill Ellie?! I don't care about spoilers. People should know. I understand the message but why? Why push this? Neil you are a terrible \*\*\*\* you did this I really don't understand. You got all your money and stopped caring? I understand the message but why deliver it like that? I don't know what happened to you in your life or something with your creativity shifting so drastically but this game was such a waste of money and total garbage. I'm sorry but it is. You seriously just run around for the entire game. Expecting there to be some big moving moment or something but there's none. I really tried to give it another chance but it ended up breaking my heart again. I hope the TV show doesn't do this?! I'm sure fans will be equally

infuriated and traumatised and upset by this just overall bad story writing. I understand the message, I do and I like it but the way it's presented is some of the worst story writing I've ever seen. Such a disappointment. I really looked up to Neil. This was lazy and sloppy. Pointless. Boring. Waste of time. Trying to push a message on people in the worst possible way. It could've been done so much better. 0/10 I really tried my best to see the good but by the end. As a whole. The game is bad. I don't know a soul who thinks it was good. Don't waste your money, time, to be disappointed, bored as hell, heartbroken by a beautiful story being slashed to pieces with no proper explanation or ending. Honestly, shame on you Neil. You knew you had so many fans and I have no clue why you did that to us like that. So much money made from the release of this game just to upset so many people. It's just so mean and on top of it to be so lazy with it?? It's so awful. I'm just so upset I tried so hard to give him and the other creators another chance for nothing in return. What a waste of talent.

120. Username: Trolisjw, Review Date: Jul 27, 2023, Score: 0, Review: One of the most overrated games ever. The 10s are classified here in two groups.

A) Sony Fanboys.

B) People that have not read books or watched good movies

C) "Don't Ask Questions, Just Consume Product and Then Get Excited for Next Products" Kind of guy.

The writing is not that great, usually that's what get praised about this game. It is the generic modern trope of deconstructionist relativism, in interactive movie form.

The mechanics are ok.. but to get to that you have to use unlikable characters in game. Not a 10, a solid 6, but giving it a 0 to balance the undeserved 10s.

121. Username: Lirde9244, Review Date: Jul 23, 2023, Score: 1, Review: This game is pure

propaganda from the left.

It's really bad .

Naughty Dog, you should make games, not propaganda .
